# PRESIDENT'S MESSAGE

**Narendra Maheshwari, M.D.**  
President

January 20, 2016

Dear Friends and Colleagues,

I am proud to present the 2014-2015 IPOF Directory... It's one of a kind!!!

During this years IPOF has become a more organized association for physicians of Indian origin in South Florida. To continue moving in a positive direction, we need our members to play more active roles. Through mutual understanding and cooperation, we can better connect IPOF with the rest of the medical community.

To show our strength, we need to arrange more health fairs for the general, low-income population in order to improve our society and fulfill our own professional aspirations.

Lastly, I would like to extend a special thanks to Dr. Vijay Gupta for his meticulous effort to publish a beautiful IPOF Directory.

"OUR PRIME PURPOSE IN THIS LIFE IS TO HELP OTHERS. AND IF YOU CAN'T HELP THEM, AT LEAST DON'T HURT THEM."

-DALAI LAMA

**I TRULY BELIEVE IT !!!**

Best Wishes,

Narendra K. Maheshwari MD.  
IPOF President  
Vice Chief of Staff BHN

With much thanks to our friends and colleagues for their support of IPOF and their endeavors.

# FORWARD

**Vijay K. Gupta, M.D.**  
Chief Operating Officer

Dear Friends and Colleagues,

The idea of publishing another IPOF directory came after we published the 1976 SMS Medical College directory. My family members and I offered our support to Dr. Maheshwari, so that we could collectively complete the difficult task of completing the directory. Our main purpose for creating this directory was to include physicians in our community who were not included in the previous directory, which was published five years ago.

I first would like to humbly thank all of our sponsors, who supported us whole-heartedly in this project. We received an overwhelming response from those who wanted to place an advertisement in the book, but unfortunately, in order to maintain a reasonable size, we had to limit the amount of advertisement spots. Next, this directory would not have been completed without Narendra Maheshwari, the President of IPOF, and my lovely wife, Dr. Asha Gupta. We all worked tirelessly in not only contacting physicians to collect their information, but also in adding new members to IPOF. This was also the first time we included physicians who are in residency or fellowship programs in our South Florida community. We are so excited to welcome these young, intelligent physicians into our organization.

My appreciation also goes out to Gloria Jacaruso, the owner of Minuteman Press, Pompano Beach, and her Graphic Designer, Benjamin Doten for producing a beautiful design for the directory. The directory was published by Alok Jain, the owner of Jaipur Printers, and Alind Gupta from Jaipur. Without their support it would not have been possible to deliver the directory in a timely manner.

Lastly, I want to thank my wife Asha Gupta, my daughter Anisha Gupta, and my son Veerain Gupta, who supported me in devoting tremendous hours to work on this directory.

We did our very best in keeping this information as up-to-date as possible, so we want to apologize for any errors there may be.

Sincerely,

Vijay Gupta

# Caring is a Universal Language

VITAS speaks the language of care. But we also have patient care staff who are bilingual and understand the importance of Indian culture and traditions near the end of life.

By working together, we embrace the diversity that makes our Broward community special.

**Kindred Hospitals**  
of South Florida

Patient-Centered Care,  
Focused on **Recovery**

Kindred's Transitional Care Hospitals specialize in patient-centered care. Our patients are critically or chronically ill, requiring specialized and aggressive treatment. Care is provided through an interdisciplinary team approach which includes physicians, nurses, therapists and specialists. Our goal is to produce the optimal clinical outcome, helping our patients recover as fully as possible.

We specialize in:

- ventilator weaning and management
- complex wound care
- short-term rehabilitation
- dialysis
- IV antibiotic therapy
